**Subject:** Expensive cleanup is bad for jobs

The living-wage jobs in our harbor are critical to our economy. Please keep that in mind.

Portland is fortunate to have a vibrant working waterfront on the Willamette River. We need those jobs to continue to exist and even grow to supply good, living-wage work. Please make sure that the final cleanup plan does nothing to threaten the jobs that we so desperately need.

I know you care about our community and our economy. Thank you for reading and for doing what's best for our region and our jobs.

Sincerely,

(b) (6)
